VOLCANO FROM DEEP SEA FORMS ISLAND.

Fire Spouts For Two Weeks Through
Water Near Tonga Islands.

Sydney, N. S. W., July 27.—Reports
dated July 5 have been received from
the Tonga Islands saying that seven col-
umns of volcanic eruption have been vis-
ible at sea for the past fortnight from
the island of Tongatabu, within an area
of two miles. Fire, smoke, steam and
pumice stone spout up seemingly from
veritable holes in the sea, and the col-
umns are estimated to be 250 feet in
height. The ocean is very deep at this
spot.

The eruption has been accompanied by
a continuous roaring noise and frequent
explosions. Black pumice stone in large
quantities has been thrown as far as Nuku-
alofa, the capital of Tongatabu, a dis-
tance of 30 miles.

The Tongan government Gazette states
that land is forming around the scene
of the eruption, and it is believed that a
new island is in the process of forma-
tion.

The Tonga or Friendly Islands, are in
the South Pacific, southeast of Fiji. In
June a severe earthquake occurred at
Tongatabu, which is the most populous
of the islands. Most of the group are
low, and consist of coral, but there are
also a number of volcanic peaks of some
height, among which several are active.

Amataga was almost destroyed by a
violent eruption in 1847, the explosion
of which were audible 100 miles away,
and in October, 1885, a violent subma-
rine eruption occurred about 48 miles
northwest of Nukualofa, resulting in the
emergence of an island nearly three miles
in length by one in width.

Rochester Railroad Sold.

There is a persistent rumor afloat to
the effect that the Rochester railroad has
been sold to the Delaware & Hudson
Railroad company. Samuel Williams of
Boston, one of the principal owners, and
a party were over the road by special
train last week. One thing is certain,
and that is that it seems to be the policy
of the D. & H. to reach out in this direc-
tion. The first of the week it was offi-
cially announced that they had pur-
chased a connecting link in Northern
New York, giving them access to Mon-
treal. The purchase of the Rochester
road by the D. & H. would certainly
work great benefits to this section of
Vermont. It would mean the building of
the first of the week it was offi-

NEW PARISH HOUSE.

Randolph Has One Which Cost \$6,500
Over All.

Randolph, July 27.—Bethany Parish
house, built in connection with Chandler
Music hall, is now completed at a cost
of \$6,500, of which \$3,500 has been paid,
leaving an indebtedness of \$3,000 for the
society to cover.

In bringing the matter to the atten-
tion of Bethany congregation last Sun-
day, the pastor, Rev. Fraser Metzger,
stated that the expense incurred in con-
structing the Parish house has been
greater than the church contemplated.

An additional outlay was required in or-
der to make the house harmonize with
the Music hall, which has cost its builder
and donor, Col. A. B. Chandler, more than
double the sum he expected to devote to
it. The debt of \$3,000 it is hoped can be
raised before the next annual meet-
ing of the church.

The Parish house, a substantial struc-
ture of cement brick 35x90 feet, has
two stories and a basement. It is fin-
ished in hardwood, much of which—doors
and wainscoting—came from the Chris-
tian church edifice, which was torn down
to furnish a site for the new building.

Deafness Cannot Be Cured
by local applications, as they cannot reach the
diseased portion of the ear. There is only one
way to cure deafness, and that is by constitu-
tional remedies. Deafness is caused by an in-
flamed condition of the mucous lining of the
Eustachian tube. When this tube is inflamed
it has a rumbling sound or imperfect hear-
ing, and when it is entirely closed, deafness is
the result, and unless the inflammation can be
taken out and this tube restored to its normal
condition, hearing will be destroyed forever.
Nine cases out of ten are caused by Catarrh,
which is nothing but an inflamed condition of
the mucous surfaces.

We will give One Hundred Dollars for any
case of Deafness (caused by catarrh) that can-
not be cured by Hall's Catarrh Cure. Send for
circULARS, FREE.
J. C. CHENEY & CO., Toledo, O.
Sold by Druggists. 75c.
Take Hall's Family Pills for constipation.

Its Fire and Its Girdle Cakes.
The Chequers Inn, Osmotherley, is a
rolle of the old coaching days, but it is
now famed for its fire, which has never
been out for more than 100 years,
and over which girdle cakes are baked.
This huge fire is kept continually burn-
ing by peat or turf from the Yorkshire
moors. An excellent tea is provided
for visitors, the chief dainties being the
girdle cakes. The peat glows like red
embers on a red tiled floor, the girdle
being suspended from a bar above, the
whole looking most quaint and picture-
esque. The exterior of the inn is most
unpretentious and old world looking,
as it nestles alone on the Yorkshire
wolds.—London Standard.

Obstinate Parents.
"Reginald" said the head of the
family, "I have told you again and
again that you are not to pull the cat's
tail."
Reginald eyed him sadly. "You are
getting very obstinate, father," he said
reproachfully.—London Globe.

Shake Up Boiled Water.
The flat taste of drinking water
which has been boiled is due to the
fact that the dissolved air which it
contained has been expelled in the
process of boiling. By putting the
boiled water in bottles until they are
only three-quarters full and shaking
well enough air will be incorporated
with the water to restore its palata-
bility.

ABOUT THE STATE.

Items of Interest Gleaned From Our
Exchanges.

Thirty members joined the Randolph
board of trade which organized this week
with the following officers: chairman,
Dr. E. O. Blanchard; secretary, P. H.
Totman.

John, the eight-year-old son of the
Rev. and Mrs. Eugene Haines, of Bat-
land died Tuesday at Hemlock, N. Y.,
where the family is passing a vacation.
Measles was the cause of death.

Dr. C. F. Branch of Amherst, Mass., a
former commander of the department of
Vermont, (U. S. A. R.), who was also at one
time connected with the medical depart-
ment of the university of Vermont, Bur-
lington, is critically ill of Bright's dis-
ease.

It will be of interest to note that the
mated Morgan team formerly owned
by J. C. McCarthy in Fairfield, and now
by F. L. Snow, took second prize in a
Lowell, Mass., horse show recently as a
fancy driving team. There were one
hundred and fifty entries in their class,
including horses from Haverhill, Law-
rence, and surrounding towns, including
those from the famous Hood stock farms.

WHAT'S BEEN DONE.

Vermont Experiment Station Reports
For the Month.

The Vermont Experiment Station has
issued its last monthly three bulletins
—aggregating 244 pages—being Nos. 128,
129, and 130. These discuss the testing
of cows, commercial fertilizers, soil bi-
ology in its relation to fertilizers, plant
diseases, alfalfa culture, feeding trials
with cows, and sundry matters in con-
nection with horticulture and dairying.

These bulletins will be mailed to every A.
dress upon application. Parties wishing
their names put upon the mailing list
should make that request. A postal
card addressed to the Experiment Station,
Burlington, Vermont, stating desires, is
sufficient.

SOME BABY DON'TS.

Don't rock babies; it injures the
brain.
Don't tease babies; it will make them
cross.
Don't trot babies; it disturbs the
whole system.
Don't romp with babies; it excites
the brain too much.
Don't dress babies stylishly; it is
cruel to adorn a rose.
Don't wake babies up to show them;
they need all the sleep they can get.
Don't let too many strangers handle
babies; it will spoil their disposition.
Don't put too many clothes on babies
in hot weather; it will cause prickly
heat.
Don't forget to give cool water often;
it is the only thing to quench thirst
and ward off fever.
Don't put long clothes on any baby;
the weight has killed dozens of babies.
Twenty-eight inches is long enough for
comfort.—Pearson's Weekly.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having
An Effective Cure.

If you see a woman or a man with lux-
uriant glossy hair, you may be sure nei-
ther has dandruff to amount to anything.
In nearly every case where women and
men have thin brittle hair, they owe it
to dandruff. There are hundreds of prepa-
rations that "claim" to cure dandruff,
but not one but Newbro's Herpicide tells
you that dandruff is the result of a germ
burrowing into the scalp, and that per-
manent cure of dandruff and its conse-
quent falling and baldness, can only be
had by killing the germ; and there is no
other preparation that will destroy that
germ but Newbro's Herpicide. "Destroy
the cause, and you remove the effect."
Sold by leading druggists. Send 10c. in
stamp for sample to The Herpicide Co.
Two sizes—50 cents and \$1.00.
E. A. Drown, Special Agent.

MODISH VAGARIES.

Sandstone and Wild Mint the Latest
Colors—High Collars and Headaches.

The two new colors that are carrying
all before them are sandstone and wild
mint. The former bids fair to be in
favor all summer and will be seen in
connection with pale blue and em-
broderies in the blue, and a touch of
black is very chic.

Evening slippers are of never ending
interest. Just at present satin is the
